

WELWYN HATFIELD

Working better, together

Dear applicant,

Thank you for taking the time to find out more about Welwyn Hatfield.

If you don't know much about our borough, we are located in central Hertfordshire between central London and Cambridge, with easy access to both. It's an exciting borough whose population is the youngest in the county, and one of its most diverse.

We are home to the internationally renowned University of Hertfordshire and the headquarters of two major UK employers, Tesco and Ocado, along with other innovators in research, science and logistics.

This is an important moment for the future of Welwyn Hatfield. We are looking for a director to join our new Senior Leadership Team. We want people who can bring new ideas and a new energy to the council, with the ability and passion to lead on ambitious projects that have a clear focus on improving the lives of our communities.

Our last LGA Peer Challenge report highlighted the pride all of us at Welwyn Hatfield have in the work we do, and how much pleasure we take from delivering tangible positive outcomes. It's an exciting platform on which to build.

Just in the last two years, we have continued the delivery of major regeneration projects in our town centres; building a new crematorium to meet local demand; and continued to deliver new homes through our innovative Affordable Housing Programme. Along the way we have picked up numerous national awards.

If you are the right person to continue building our reputation for punching above our weight and help us shape the future of Welwyn Hatfield, take a look at what we offer. Our next chapter could be yours too.

We hope you are as passionate about making a difference to our communities as we are. We guarantee you a very warm welcome, along with the support & encouragement to grow and shape your future. We look forward to receiving your CV.

Ka Ng
Chief Executive
